WELCOME TO THE 27TH ANNUAL

ROTARY HOLIDAY HOUSE TOUR

Welcome to the 2026 Rotary Holiday House Tour. It is a pleasure to share this much-loved Niagara-on-the-Lake tradition with you as we celebrate our 27th year.

Since the tour began in 1999, generations of guests have returned with family and friends to enjoy the beauty of our town in the holiday season while helping Rotary support important local, international, and youth projects.

This year, we are especially proud to honour two Silver Medallion Homes, first featured on the tour in 2001, 25 years ago. Their return is a wonderful reminder of the people, homes, and loyal patrons who have made this event so special.

On behalf of our Rotary Club, thank you to our generous homeowners, decorators, sponsors, committee members, volunteers, and to each of you for being part of this tradition. We hope you enjoy the tour, feel the warmth of the season, and leave inspired by the good your support makes possible.*

HOUSE

Lepp-LoForti Chateau 2046 FOUR MILE CREEK RD, NOTL

PRESENTED BY: ST. DAVID'S VETERINARY CLINIC

Nestled among Niagara's rolling vineyards and mature tree groves, this French château-inspired residence is a striking new build that feels as though it has stood gracefully for generations. Completed in 2025, the home was envisioned by owners Cindy and George as a place where timeless architecture, cherished antiques, and carefully curated furnishings coexist in effortless harmony. Expansive windows blur the boundary between indoors and out, while a baby grand piano anchors the living room beneath soaring 16 ft ceilings. Seventeen vintage light fixtures, collected by the owners over time, illuminate the interior and have found their permanent place in this elegant retreat. The primary suite, with both his-and-hers en suites and walk-in closets, is something to be envied. The result is a layered, deeply personal home where every detail contributes to the magic of Christmas among the vineyards.

Cindi LoForti Lepp is an experienced designer with a genuine passion for every project. This project is both professional and personal. For the Tour, Cindi is pouring her heart into her own house design, creating cozy, elegant environments that perfectly capture the essence of the holiday season.

HOUSE

Ranger's Retreat 19 COLONEL BUTLER CRES, NOTL

PRESENTED BY: BOSLEY REAL ESTATE BROKERAGE

The experience begins as you approach this stately Tudor home nestled on a quiet street in Niagara-on-the-Lake's Garrison Village. Ranger's Retreat is far more than its name suggests. While it is a welcoming bed and breakfast, it is also a beautifully curated showcase of the lives, travels, and passions of owners Brian and Jan. Collected over decades of exploring the world, their treasures tell a story of European elegance, Dutch heritage, and Canadian charm. Throughout the 5,000-square-ft home, antiques, lithographs, artwork by the Dutch Masters, European and Canadian furnishings, Delft and Makkum porcelain, and an impressive collection of vintage wooden Dutch cookie molds create a warm and inviting atmosphere. Surrounded by mature gardens and a backyard oasis, the home offers a peaceful escape. Add two gracious and engaging hosts, and Ranger's Retreat becomes an unforgettable holiday experience where every room has a story to tell.

Regal Florist & Garden Centre has participated in the Holiday House Tour for 27 years! We create unique designs that reflect the style of the homeowners while preserving the integrity of their home. Our original plans often take a surprise direction as we experience the unique personality of the home.

HOUSE

TWAS THE NIGHT BEFORE CHRISTMAS 387 SIMCOE ST, NOTL
PRESENTED BY: TRAVIS CAIRNS DESJARDINS

Step through the front door of Kathie and Bill's home as a stranger, and you'll quickly feel like a welcomed member of the family. Warm, inviting interiors set the tone, while an eclectic collection of artwork and treasured mementos reflects the couple's travels around the world, each piece telling its own story. Built in 1977, the home is considered relatively new by the town's standards, yet it was thoughtfully designed to blend seamlessly with the area's historic charm. A classic gambrel roof and dormer windows echo the architecture of the surrounding neighbourhood, giving the home a timeless presence. Inside, Canadian and European antiques add richness, character, and a sense of history, creating a home that is as welcoming as it is beautifully curated. Be sure to look up, way up, upon exiting. Holidays in this home are ones for the memory books!

Erin Rolanty of Lowkey Farmstead, with assistant designer Madison McCallister, reimagines the holiday season through a feminine lens. This year's design embraces pink in all its romantic charm. Natural evergreens are layered with vintage pieces, warm woods, wicker, and tactile textures, creating a holiday setting that feels nostalgic yet fresh — a celebration of new beginnings.

HOUSE

Old Ivy Walk 28 PRIDEAUX ST, NOTL
PRESENTED BY: NOTL REALTY

Perched proudly on one of Old Town's most picturesque streets, Old Ivy Walk is a distinguished Georgian residence that stands as a testament to Niagara's rich heritage. Originally built by Dr. James Muirhead, widely recognized as Niagara's pioneer physician, the home was destroyed during the fire of 1813 and thoughtfully rebuilt by Muirhead in 1817. Today, the elegant residence operates as a successful Inn, where careful renovations have preserved its historic integrity through original windows, antique mantels, and enduring architectural details. Beyond its storied past lies a striking great room, where owner Phil has artfully layered bold contemporary design over a foundation of timeless elegance. Gilt mirrors, antique sconces, richly carved furnishings, curated artwork, and distinctive zebra-print accents reflect a passion for fine antiques, global influences, and exceptional craftsmanship, creating a home that beautifully bridges two centuries of Niagara history.

Lush Florals enjoys bringing the magic of winter to life through beautiful, nature-inspired holiday décor! We specialize in thoughtfully designed arrangements and botanical décor that combine unexpected textures and festive holiday accents for both indoors and out.

HOUSE

The Kirby House 130 FRONT ST, NOTL

PRESENTED BY: COLEWOOD HERITAGE HOMES

The Kirby House, named for its most prominent former homeowner, William Kirby, is a true gem in the local historic landscape. Recognized by the Archaeological Society of Ontario and designated a Historic Site, the 1818 Georgian home is admired by those who pause to read the plaque out front and wonder what lies within. Current homeowners David and Dinah are proud to be part of its remarkable history, joining a distinguished lineage of residents that includes Betty Lane, a prominent painter of Niagara scenes who lived here in the 1940s. The home's historical significance lies not only in its notable residents, but also in its beautifully preserved architectural details. Impeccably restored fireplace mantels take centre stage among heritage furnishings and storied mementos. Low ceilings, traditional windows and trim evoke another era, while thoughtful modern touches respect the home's historical integrity. At Christmas, The Kirby House becomes truly magical—a place where stepping inside feels like stepping back in time.

Lady Lavender Floral specializes in thoughtfully designed florals for weddings, special events, and everyday occasions. We bring a personal approach, with a signature style that feels romantic, garden-inspired, and effortlessly elegant.

HOUSE

Daisy's House 343 REGENT ST, NOTL

PRESENTED BY: FOODLAND NIAGARA-ON-THE-LAKE

Is there anything more Old Town Christmas Niagara-on-the-Lake than a white picket fence, a wraparound porch, and a Victorian home glowing with holiday warmth? Built in 1898, this enchanting home seems made for a truly vintage Canadian Christmas. High ceilings, wide-plank floors, bay windows, and two inviting porches provide the perfect setting for evergreen garlands, twinkling lights, and seasonal magic. The home and property have enjoyed a storied lineage, now lovingly cared for by owners Jane and Stephen, who have thoughtfully preserved its historic charm while adding personal touches and updates. Outside, the side garden, described as “a gardener’s garden,” is lovingly tended throughout the year, ensuring the property retains its timeless beauty even beneath a blanket of winter. Named for their welcoming Bernese Mountain Dog, Daisy, this historic Niagara-on-the-Lake gem captures the warmth, nostalgia, and simple joy of Christmas at home.

Bloom & Co. specializes in creating seasonal designs that celebrate both the spirit of the holidays and the personality of each home. Our goal is to enhance, not overwhelm, layering natural textures, fresh blooms, and festive details to complement the homeowner's style.

7. ANNUAL SITE NOTL: DECORATED BY DEDICATED VOLUNTEERS St. Vincent de Paul Church 73 PICTON ST.

The Parish was established in 1826. In 1834, the Roman Catholic community built a clapboard church on land granted by the Crown.

The present day church is on the original site. All future renovations remained consistent with the original Gothic Revival style. The large addition, constructed in 1964, preserved most of the older section of the church with the choir loft serving as a bridge between the old and new. St. Vincent de Paul is the oldest Catholic church in continuous use in the Province of Ontario.

ANNUAL SITE NOTL: DECORATED BY THE GARDEN CLUB OF NIAGARA

McFarland House 15927 NIAGARA PARKWAY

To celebrate its 30th Anniversary, The Garden Club of Niagara will be decorating: 'A Festive Celebration of Art Through the Ages'. While in the garden, reflect on the art style of famed Ojibway artist, Norval Morrisseau. Inside the home, experience a variety of unique designs, each inspired by a notable work of art. Finish your tour in the warmth of the Conservatory, filled with original works of art & refreshments.

This historic Georgian manor home was built by John McFarland and his sons. Descendants of the McFarlands lived in the house for over 140 years before it was restored by The Niagara Parks Commission and opened to the public in 1959. During the War of 1812, both British and American forces used the home as a hospital, and in 1813, the British attack on Fort Niagara was launched from the ravine on the property. McFarland House is one of the only structures to survive the burning of the town when occupying American forces retreated from the area, making it one of the oldest properties in Niagara-on-the-Lake. Today, McFarland House portrays early nineteenth century life in Upper Canada. **There will be sticky toffee pudding, scones, homemade hot chocolate, mulled cider, and tea.** www.mcfarlandhouse.com

I focus my efforts in the Niagara Region, helping clients navigate buying and selling with confidence, care, and personalized guidance. I believe in one simple truth: it's not what I say about my service that matters most, it's what my clients say about their experience.

Whether you're considering a move, exploring your options, or simply want to talk about the local real estate market, I'd love to connect over a coffee and get to know you.
